

Winter 2012 Group Therapy

Thanks for showing interest in our therapy groups! We are very excited to offer a variety of groups that target sensory processing and pragmatic skills. Winter groups begin on January 9th and meet once a week for 15 weeks. **Group placement is dependent on the child's skill level. It is required that each child must participate in an evaluation and provide a current doctor's prescription prior to being placed into a group to ensure the best fit.**

Listed below are all of the groups that we will be offering this winter. **In order to participate in the 2012 winter group, an initial evaluation must be completed by December 15, 2011. Group registration forms for current clients who have already participated in an initial group evaluation are due no later than December 15, 2011.** Please contact Lauren Pammer, occupational therapist, or Christen Troy, speech pathologist, at 708-478-5400 for additional information.

Method of Payment (Please check one):

The group billing codes are 97150 for occupational therapy group and 92508 for speech therapy group. Please consult your insurance company with the appropriate billing codes to determine if group therapy is covered, since it is often not a covered service. If insurance will be covering the billing codes your insurance will be billed at the end of the session. An administrative discounted rate is offered to families paying in full in advance and assuming responsibility for insurance reimbursement. The full amount will be charged even if every session is not attended. Please refer to the attached group rates form for the cost of sessions depending on the length and method of payment.

I'd like to take advantage of the administrative discount rate. Payment is accepted in cash, check, or credit card and half of the payment is due at the time of registration and the remaining balance is due no later than March 1, 2012.

I'd like Kids Can Do, Inc. to bill my insurance.
